Experience

Republic of Korea Army / Fire Direction Center

July 2024 - January 2026

- Coordinated with U.S. Army units on joint MLRS training, facilitating communication and operational alignment.
- Led information relay under strict timelines in high-pressure environments.

Young Horses / Localization QA

Jan 2023 - June 2023

- Improved localization readability and consistency for Korean users by identifying 80+ linguistic and cultural issues.

DePaul Original Game Studio / Producer and Production Support

Jan 2023 - June 2023

- Coordinated a multidisciplinary student development team and maintained project documentation to support workflow clarity and milestone delivery.
- Facilitated collaboration between writing and design teams to ensure consistent tone and narrative alignment without blocking development.

Anthos Capital / Game Tester

June 2020 - September 2020

- Tested video games to identify, document, and report software bugs and performance issues to the development team, contributing to improved product quality and user experience.

Education

DePaul University / Game and Interactive Media Design

Jan 2019 - June 2023

- Computer Science + Screenwriting Minor | GPA: 3.6

Skills

-
- Jira, Trello, Perforce, GitHub, Google Workspace, Microsoft Office, CAT tools, QA, Localization, documentation, cross-team communication
