DO HWI LEE

Project & Operations Coordinator

qnyt123456@gmail.com | (+82) 010 5104 4155 | prisoner6278.github.io/Portfolio

Professional Summary

Bilingual (Korean/English) coordinator experienced in managing cross functional teams, external partner relationships, and full project lifecycles — translating stakeholder needs into actionable plans and keeping delivery on schedule through KPI and milestone tracking. Seeking to bring this coordination and data informed planning background to project coordination and operations roles across industries.

Work Experience

Operations Coordinator | **Republic of Korea Army** Jul 2024 – Jan 2026

Mandatory military service

- Kept a 15 person unit's operations on schedule across a multi tier chain of command by coordinating resource allocation and escalating conflicts before they caused delays.
- Prevented operational slippage across all reporting levels by running proactive, structured status communication between unit leadership and field teams.

Project Manager | **DePaul Original Game Studio** Sep 2022 – Jun 2023

- Delivered 8 major project milestones on schedule across a 10 month cycle by building and running the end to end project roadmap and weekly planning cadence for an 11 member cross functional team (engineering, design, art, writing, and audio).
- Protected delivery timelines through 3+ unexpected resource constraints by re-scoping lower priority work and resolving cross team dependencies in real time.
- Identified and corrected recurring schedule risk patterns across 42 planning/review cycles by tracking team velocity and milestone data to flag inefficiencies before they hit deadlines.

Localization Quality Assurance Specialist | **Young Horses** Jan 2023 – Jun 2023

- Resolved 70+ quality issues across two products ahead of release by serving as the primary coordination point between an internal team and an external production partner.
- Eliminated launch blocking gaps by driving continuous alignment and sign off tracking between internal and external teams through final delivery.

Game Tester / QA Analyst | **Anthos Capital** Jun 2020 – Sep 2020

Portfolio company engagement; title and product under NDA

- Cut release cycle delays by redesigning the issue triage workflow to prioritize high severity items first, unblocking downstream teams.
- Maintained product stability across a full test cycle by authoring 12 structured test and regression plans.

Relevant Skills

Planning & Scheduling: Project Roadmap & Milestone Management, Resource Allocation, Capacity Planning, Risk Assessment & Mitigation, KPI Tracking, Data Informed Decision Making, Process Improvement

Partner & Stakeholder Coordination: External Partner/Vendor Coordination, Cross Functional Alignment, Client & Stakeholder Communication, Issue Triage & Sign Off Management

Core Tools: Microsoft Excel/Office, Google Workspace, Project & Workflow Management (Jira, Trello, Confluence)

Additional Tools: Perforce, GitHub, MemoQ (version control and localization workflow systems)

Languages: Korean (native/fluent) · English (fluent/professional working proficiency)

Education

Bachelor of Arts, Game and Interactive Media Design — Jun 2023

DePaul University, Chicago, IL

Relevant coursework: Production Planning, Project Management, Resource & Risk Management, Agile Development
